

Our Surface Rigs

TDI-101 Pull-Down Topdrive Rig (designed and fabricated by Target Drilling)

- Hold-back / Pull-down – 120,000 pounds
- Derrick Hookload – 180,000 pounds
- Rotational Torque – 7,000 ft-lbs
- Derrick Height – 52 feet
- Mounted on 7' High Substructure
- 70 gpm Hydraulically Driven Triplex Pump
- Equipped One-Arm Rod Loader
- Depth Capacity – 5,000' TVD; 7,000' Directional
- Power – One 550 Hp Caterpillar C15
- Mounted on Cleveland 3 axle trailer
- Weight - ~ 105,000 pounds
- Equipped with Fire Suppression System

Our Surface Rigs

TDI-700 Pull-Down Topdrive Rig (CP700 rig modified by Target Drilling)

- Hold-back – 90,000 pounds
- Pull-down – 45,000 pounds
- Derrick Hookload – 150,000 pounds
- Rotational Torque – 7,000 ft-lbs
- Derrick Height – 38 feet
- Mounted on 7' High Substructure
- 70 gpm Hydraulically Driven Triplex Pump
- Equipped One-Arm Rod Loader
- Depth Capacity – 4,000' TVD; 6,500' Directional
- Power – One 460 Hp Caterpillar 3406
- Mounted on Kenworth Carrier
- Weight - ~ 72,000 pounds
- Equipped with Fire Suppression System
